

CASE STUDY

City, County and School District of Waukesha

Waukesha, WI

HEALTHY CHALLENGE

Bringing three organizations with three separate health plans together into one wellness center.

It may sound like a tall order to bring together three separate governing bodies from a county, city, and school district. The resounding success of the Waukesha Employee Health & Wellness Center shows it can be done. For Waukesha, hammering out a plan for a shared arrangement has paid off with huge dividends. They've seen life-changing health outcomes for public employees and their families. Savings to employer, employee and taxpayer have been quickly realized. Satisfaction runs high, and the clinic's range of services now includes physical therapy, health coaching, and robust occupational health.

HEALTHY IMPROVEMENTS

In Waukesha's high-risk group alone (top 20%)

The change in blood pressure reduced risk of 10-Year cardiovascular mortality rate complications by 16%.

8% and 9% decrease in systolic and diastolic blood pressure, respectively.
